SUBJECT —Maintenance charges of State-fund Road lying in Municipal limits of Hoskote Town.

Referring to Government order No.L.8-26/Ml.147-29-29 dated 16th October 1929(Camp Mysore) issuing revised instructions re the cost of repairs of State fund roads lying in Municipal limits, I have the honor to submit herewith the resolution passed by the Municipal Council, declaring their inability to meet the maintenance charges for the above for the year 1928-29 viz.Rs.844/-.

The President further reports that the Town is in need of several Town Improvements and that if such heavy sums are drained away for meeting the contribution for maintenance charges of a State fund road which lies wholly outside of the limits of the Town proper, most of the town improvement works now proposed, such as better roads, better lighting, extensions and improved sanitation shall have to be abandoned. The total income of the Municipality is about Rs.5,000/- and if about a sixth of the portion is spent in this direction, very little will be left for other useful works.

The President further reports that the road has been included in the Municipal area only to enable the Municipality to hold the Shandy on the side of the road opposite to the town. The Sub-Division-al officer recommends that the demand may be waived for the year 1928-29. This particular State fund road has heavy through traffic connecting Bangalore and Madras and other important places. In the above circumstances, the case of Hoskote Municipality comes under the purview of the latest Government order cited above and I recommend that half the mileage rate may be levied, while the

In this connection I may also st to that the Municipal Council has passed a resolution, proposing to alter the municipal limits so as to include only that portion of the Bellary road lying between the newly constructed toll-gate and 3/17th miles furlongs, Madras-Bangalore road.

I request you to kindly obtain early orders of Government in this matter.

I have the honor to be,
Sir,
